Safety Committee – Discussion regarding truck traffic on Railroad Street. There is an issue with larger trucks driving into the Hack's yard (Hit the large rocks, drive in mulch and ran over and broke rain spouting multiple times). Superintendent Phares is requesting to close Railroad Street to truck traffic. All truck traffic will have to come down Morehead Ave from State Street. Greg Starr has called the company and let them know what route the trucks have to take but not all drivers know not to use Railroad Street. Steve and Chief VanDine will check the required no parking area needed at the top of Morehead at State so that trucks can make the turn. The Walsh's do not want to lose any more parking on Morehead. Steve to check state requirements for marking distances and requirements for visibility. Markings and Visibility will be discussed and next meeting.
